Annual Report

2022 Annual Report for

Fatherhood Revisited

Dear Friends of Fatherhood Revisited,

Fatherhood Revisited has had a wonderful year and we are committed to continuing to grow and prosper.

During the past year, we have become connected to the managed care providers and signed a contract to provide therapeutic mentoring. We have increased our clientele and employees by more than 50%. We opened a second office just for clients. We created relationships for several other referral sources. We increased the community-based activities our clients participate in. We also began planning our first fundraising gala.

During the next fiscal year, we will continue to expand clientele and staff and create opportunities for families to increase their overall well-being.

Thank you everyone for a great 2022. We are looking forward to an excellent 2023.
